

# When You See the Kid

Casey Veggies

Bass pumping  
Time to say something  
From the Fall, to May running  
Never stop doing my crunches  
I don't second guess nothing  
Heaven sent with better sight  
Call me young Veggies girl, my lettuce  
Yeah, my cheddar right  
My girl love me  
Yeah I said that girl love me  
Never put nothing above me  
Don't be sorry when she suck me  
I got sorrow for my Ex's  
I got shooters that's my cousin  
Mama routing for me lately  
Know I'm running  
Never pausing on my pivot  
Stay on focus when you live it  
Man I hope you niggas get it  
Thats whats good about this city  
Don't just let them niggas run it  
Turn that nothing into something  
Get yo program into function  
Get that money into doublin',  
Like  
When you see me, see me  
Put my all in what I do  
Everything I'm doing now is for you  
Ain't nothing new, somebody better tell them that we  
on!  
On! UH UH-UH ON!  
In a different ZONE! Call a nigga Phone!  
Like we ON! Uh Uh-UH On!  
In a differen't zone! She hit a nigga phone  
Like we on!  
And then I had that girl drop me off  
Back of my head, I won't leave the car 'til she top me  
off  
Heard what I said?  
Nahh, I shouldn't. She'll prolly take it wrong  
In my own world  
I live my own dreams  
I had my own scheme  
You don't know what it means  
To get that shit in yo hands,  
I never wished for a fan  
If she drop it for the team,  
She'll prolly leave with the grands  
Had my watch out on the scene,  
The crowd was waving their hands  
Poppin'  
Yeah, later nigga shaking them hands with Option  
Pray to God, young gangsta, you'll always prosper  
..... what you thinking is all we got here  
I believe theres much more that we can be fine with  
When you see me, see me  
Put my all in what I do

Everything I'm doing now is for you  
Ain't nothing new, somebody better tell them that we  
on!  
On! UH UH-UH ON!  
In a different ZONE! Call a nigga Phone!  
Like we ON! Uh Uh-UH On!  
In a differen't zone! She hit a nigga phone  
Like we on!  
Forever more  
Yeah..  
Young Veggies..  
Uh  
When you see the kid, hope you see  
My vision  
Write my life through my flows, watch  
How I'm living  
Illuminate through the dark like a  
Night light  
We on all night, what ya life like?  
Baby girl stick around for my life sake  
I'll go outta town for the right cake  
She watched what I did and what I might  
Make  
Same kid switched up the style cuz the  
Minds great
