

It's always one step ahead of me
It's always one step behind
I've got a ticket in my pocket
I've watched it fade before my eyes
Its destination lost in time

But I can't make it if I'm on my own
And I can't take it if I'm all alone
And I feel all alone

I'm gonna head out on the highway
Take a car ride through my soul
I've got the open road before me
And I ride
If I ever make some time
Ah
Oh

It's always one step ahead of me
It's always one step behind
I've spent my whole day chasing shadows
And building bridges back through time
I feel at odds with my own life

But I can't make it if I'm on my own
But I can't take it if I'm all alone
I feel so alone

I'm gonna fly out on the jetstream
And leave the city far behind
I've got a ticket in my pocket
And I ride
If I ever break through time
Ah
Oh

Circle is born that is golden in form
And informs to ride, ride, ride, ride
Hold on tight, the road is warm and dry
Step forward in your life and ride, ride, ride, ride

It's always one step ahead of me
It's always one step behind
I'm just like piggy in the middle
There's always jumping out of time
I just keep jumping out of time
I'm jumping in and out of time

I just keep jumping out of time
I just keep jumping out of time
