

Tear It Apart

Cast

There's no room for your regrets
There's so much more that you have left to do
In such a short amount of time
You can't turn back, what's done is done
You must accept it and move on
Don't you know those days have long since gone

Bet you'd do it all, all over again
All over and over until it's the end
Back to the beginning where everything starts
Together until you tear if apart
Bet you'd do it all, all over again
All over and over until it's the end
Back to the beginning where everything starts

You're not the first to make mistakes
At least you know what it takes and what it feels like
When you have to face yourself
Take some time now to reflect
It's like a movie in my head
Of all the faces I have seen
And what might have been

Bet you'd do it all, all over again
All over and over until it's the end
Back to the beginning where everything starts
Together until you tear if apart
Bet you'd do it all, all over again
All over and over until it's the end
Back to the beginning where everything starts
You tear it apart
You tear it apart
You tear it apart
You tear it apart

Bet you'd do it all, all over again
All over and over until it's the end
Back to the beginning where everything starts
Together until you tear if apart
Turn everything over, then turn it some more
Until you discover the same as it was
Together until now you tear it apart
You tear it apart
