

The Bridge

Casualties of Cool

Yolo! Yolo! Yolo!
Om! Om!
What is this place
I only dream about
Can you say
What are we apart of
We all go dead?
You never want me to go
You never want to let me go
But just let me go
You never want things to change
You never did think you know
But I think you know
You never want to let me go
But just let me go
What are we a part of?
Yolo! Yolo! Yolo!
Om! Om!
