

The Running Man

Cathedral

Black wings wrapped around the sun
Darkness guides your marathon
Icy people everywhere
Cold love and cold thoughts they share

Live your life in a coffin
How much death can you cram in
Greedy man is wealth hungry
Orgasms at other's misery

A brand new watch to check the time
See the hours passing by
Your castle is your golden dream
Living a lie with your bought queen

Possessions own your shallow mind
Plastic goods you'll leave behind
Humoured by your garden gnomes
Soon you'll rest beneath their thrones

Black wings wrapped around the sun
Darkness guides your marathon
Icy people everywhere
Cold love and cold thoughts they share

Live your life in a coffin
How much death can you cram in
Greedy man is wealth hungry
Orgasms at other's misery

Possessions own your shallow mind
Plastic goods you'll leave behind
Humoured by your garden gnomes
Soon you'll rest beneath their thrones
