

Don't Take My Heaven

Cathy Dennis

I'm begging you
Pleading with you
Down on my knees
Don't take my heaven
Don't say it please

Don't take my heaven away
Don't take my heaven away

Pah pah pah pah pah
Just 'cause you're the lucky one
It's you who can choose
Don't shoot me down
Don't shoot me down

No no
Don't kill my youth
I know that she seems fresh and new
But no one else could love you
Quite the way I do
Oh don't you know I do

Don't take my heaven away
Stay with me don't let me down
What could you want when she's around?

Don't take my heaven away
Don't be a fool unto yourself
How could you want somebody else

Don't take my heaven away
Hey
Hey hey hey
My heaven

And when she kicks you to her door
I might not want to love you anymore
Pah pah pah pah pah

I'm begging you baby
Please

Don't take my heaven
Don't take my heaven away
Stay with me don't let me down
What could you want when she's around?
Don't take my heaven away
Hey
Hey
My heaven
