

Lanterna

Cave In

[Verse 1]

Endless light is her name
Guiding us into her blinding flame
She's the lantern, circling 'round
Making shadows, she's the moon

[Verse 2]

Endless light is her name
Guiding us into her blinding flame
Endless light fade away
It's the unforgiving night of day

[Verse 3]

She's a memory, disappear
We will surrender to her sun

[Bridge]

Lost on my own
Only see in monochrome
Dive, pull me in
Wash away oxygen

[Outro]

Endless light is her name
It's the unforgiving night of day
