

Led to the Wolves

Cave In

[Verse 1]

Desert wind
Pool of sin
Poisoning the mind
Breathing in
Out to in
Sands of killing time

[Chorus]

Fear them
Led to the wolves
Fire in their eyes
Endangered souls

[Verse 2]

In our head
Singing clear
Altar is the blood
Severed head
Wonder fed
Lurking in the mud

[Bridge]

Fear them
Fire in their eyes
Fire in their eyes

[Chorus]

Fear them
Led to the wolves
Fire in their eyes
Endangered souls
Led to the wolves

[Outro]

Lead them to the wolves
Across the world
Power to survive
Eternal soul
Death impacts us all
Lead them to the wolves
