

Strange Reflection

Cave In

[Verse 1]

Room descending
Trap door open
Room descending
Apparition
In a rolling deadcart
Apparition

[Chorus]

Gift of horror
Crooked mirror
Strange reflection
An old friend
Green light demon
Riding shotgun
Strange reflection

[Verse 2]

Someone took me
To the dance of dead souls
Someone took me
I found heaven
In a haunted ballroom
I found heaven

[Chorus]

Airborne smiling
Twisted lover
Strange reflection
In the end
Green light demon
Swinging madly
Strange reflection
