

Death Decay Murder

Centinex

In the dark of the night I search
For a victim, an easy target

Death decay murder - Die motherfucker die
Death decay murder - Ease my pain, die

Someone who will ease my pain
Someone to slowly take away
A voice inside my head
Tells me how to be free
A need that has to be fed
A path where to be led

Death decay murder - Die motherfucker die
Death decay murder - Ease my pain, die

Lust for blood increasing
A deep urge for pus and gore

Death decay murder - Die motherfucker die
Death decay murder - Ease my pain, die

Longing to feast on their flesh
Longing to feast on the dead

Carving to be the bone
Slicing tissues and brutalize
Obscene pleasure infested
No remorse dwells inside of me

Cut, slice and hack
Let the knife do the talking
Internal organ removal
Centinex approval

Longing to feast on their flesh
Longing to feast on the dead
