

Brutes And Animals

Cerebral Turbulency

Nowadays people maltreat animals for the purpose of a profit and to entertain blockheads they are the Circus!
Animals captured in their youth don't know what freedom is!
All they know is chicanery, the pain of whips and sticks
Hunger and reckless treatment
Locked and caged dreaming of wild nature
They suffer from moving from place to place!
Wake up and start boycotting those wretches who live on maltreatment!
Boycott the Circus!
