

Frenzied Imagination

Cerebral Turbulency

I am scared by my imagination sometimes
I would like to be rude and hurt,
Injure and fuck violently
Fuck a defenceless woman until she cries
She must cry from pain
I wanna beat her till she bleeds
Immobilize her by binding
Up her hands and legs,
Blind fold her, fuck her for hours,
Torture her, humiliate her, piss on her
Laugh loudly and show off in front of everyone
It excites me and scares me as well
