

The More-The Higher

Cerebral Turbulency

Fucking stupid idiots!
They're trying to break through the wall
With shit on their hands
They're flaping their hands in the air
With bullshit on their tongues
Idiots are staring up at them
And eat all the crap, it tastes good to them
The impossible is impossible!
Hey people, don't be so stupid!
Don't you see that shit is still the same?
Sitting in the leather arm-chair with
Their hands on their knees, doing nothing
They're laughing to everybody and filling their own pockets!
