

You heard about it but, couldn't believe it  
That they would kill a man, just for breathin'  
And you were thinking fat chance there's a reason  
Until you hear the BLAT BLAT then you see it

Well okay now they thinking that the gunplay  
Was just an isolated thing from the one place  
I tell 'em hell naw keep a celly cell on  
And follow Philando, Alton and Delrawn  
Out in Dallas they were caught up in the onslaught  
Had a couple cop ducking from the pop pop  
Body drop it was looking like he on top  
Then they killed that motherf\*cker with the bomb bot  
Now we cooking up the beef and the grill hot  
You ain't heard about the deal with the Chilcot  
It's a jagged little pill and the pill caught  
In your throat and you wonder when it will stop  
Greenpeace on the beach for the whale watch  
Innocent still sittin' in a cell block  
Got you wishin' on a tail of the Hale-Bopp  
Lookin' for the gold ticket in the mailbox  
Got a broke down livin' in my locale  
Killa city block business you ain't know about  
Donald Drumpf on a ticket we don't know how  
Everybody lined up hopin' that their vote count  
Maybe for their kids sake, how do you dictate  
The real winner when they runnin' in a fixed race  
Either which way, whoever you pick payed off by the rich motherf\*ckers in a  
big way  
Gridlock on the government of this day, and everybody in the senate on a sic  
k day  
Lawmakers all caught up in the red tape, I read about it and I'm feeling lik  
e a headcase  
Now they sayin' that I might've made a mistake  
And I probably shoulda put it on a mixtape  
Instead I put it on my name is on a list tape  
And if they kill me then my baby mama gets paid, f\*ck y'all!

We can pretend we don't see it like our lids, locked  
Look the government is all caught up in grid, lock  
Read about it and you wonder when will it, stop  
Gotta get mine before I got caught up and get, got

Everybody so uneducated on the problem  
I don't think I'll live to see the day that people solve it  
Killin' unarmed individuals in cold blood  
Now if that ain't murder what the f\*ck am I to call it?

They don't even give a shit and everybody saw it  
Why would they, when they running around lawless  
Acting like a ghetto celebrity, when they floss it  
Worst kept secret everybody who lost it  
What's the repercussion for puttin' bodies in coffins  
When you got a family member running for office  
Moving in the circle of real killers and bosses  
Who the one to lose and they never take any losses  
Anybody be gone yes pardon me but your honor  
I don't want to be conned, and I don't want to be conquered  
I don't want to be caged, and I don't want to be master  
I don't want to be instrumental in a disaster  
Murdering them and after, gathering all the data  
I can see what the media thinking don't really matter  
People do what they gotta do to make a move up the ladder  
Sticking whoever long as their pockets are getting fatter  
Mama's are getting madder, daddy don't give a damn  
If people are in the street dedicating the jam  
I'm looking at mother nature hollering no ma'am  
Killing the little piggy literally going ham  
And the fat cats acting like they know best  
Live a carefree life feeling no stress  
Will they ever pay for it never know I guess  
But they don't give a shit about a protest  
I said the fat cats acting like they know best
