

# Back to Life

Chanté Moore

I didn't know I was lost until you found me  
I didn't know I was gone till you brought me back  
And then I was exposed to you protection around me  
How could I know your love would do that

I'm on my 15th second chance  
You saw my flaws in just a glance  
All my mistakes where on display  
But you love me anyway

When nothing was left you made it alright  
Before I knew your intentions you chose your pride  
Thought my heart was dead and gone  
But it's been revived  
You loved me back to life  
You loved me back to life  
You loved me

When I had no chance  
I was a victim of my own circumstances  
But you said never mind the yesterday  
Let it go just let it all wash away  
Cuz you can't reverse time  
Just like you can't rehearse life  
And with all that in mind you kept me in mine  
You gave me love and your love gave me life

On my 15th second chance  
You saw my flaws in just a glance  
All my mistakes where on display  
But you love me anyway

When nothing was left you made it alright  
Before I knew your intentions you chose your pride  
Thought my heart was dead and gone  
But it's been revived  
You loved me back to life  
You loved me back to life  
You loved me

Hear less to say  
I had my heart tucked away  
Six feet beneath the ground my name on the grave  
Tears wiped away cuz you made a way to save me from myself

Even when nothing was left you made it alright  
Before I knew your intentions you chose your pride  
Thought my heart was dead and gone  
But it's been revived  
You loved me back to life  
You loved me back to life  
You loved me strong  
You made it alright  
Before I knew your intentions you chose your pride  
Thought my heart was dead and gone  
But it's been revived  
You loved me back to life

You loved me back to life  
You loved me
