

I Know

Chanté Moore

I don't know why love hurts
Was it so hard to make it work
Well love is a one thing
We all need
Why does it take so long for time
To heal these wounds of mine
Looking for the silver line
That I can't see
I close my eyes but I still feel the pain
I slower now cause I still feel the same

But I know what a difference it makes
When I let go
And I know if I hold on to mistakes
I'll never grow
We made is this far have so much further to go
But I know I'm not going alone

I know your feeling all alone
Your seeing everything that's wrong
I understand there's a better way
If you redeem in time
You can seize the day
When you close your eyes you may still feel the pain
You may be slower now but still may feel the same

Cause I know what a difference it makes
When I let go
Cause I know if I hold on to mistakes
I'll never grow
We made is this far we have so much further to go
But I know I'm not going alone

I know questioning why is alright
We're all searching for the answers to life
Whenever things aren't going our way
It gets so bad out here wanna pray
I may be tired but I'll never give up

Cause I know what a difference it makes
When I let go
Yes I know if I hold on to mistakes
I'll never grow
We made is this far have so much further to go
But I know I'm not going alone

Cause I know
I know
We made it this far have so much further to go
And I know I'm not going alone
And I know
