

# How Much I Love You

Charice

Go on, hurt me  
Take away my heart, and leave me  
Crush me, torture me

I wouldn't mind, believe me

Love fades, easily  
But mine for you is infinity  
I'd die for you, if you want me to  
To show how much I love you

Carry on I'm watching  
Walk away from me  
I'm go'n take the risk to kiss ya  
That's how much I love you, hmm ahh

Last night, you were kissing him  
I died a million times, but ill keep going  
Hoping for a second chance, a second chance  
To prove how much I love you, ohhhh

Carry on I'm watching  
Walk away from me  
I'm go'n take the risk to kiss ya  
That's how much I love you, ohhhhh

Oooh

Oooh

Oooh, carry on I'm watching, you  
Walk away from... me  
I'm go'n take the risk to kiss ya  
That's how much I love you, ooohh

That's how much I love you
