

Beautiful People

Charlene Soraia

Tell me how you can still
Cut to my core with one sentence
After all these years

What's the message
Do I give up on giving in
Or throw the towel in altogether

I can't keep on like this
I'm sure I won't last long like this
I'm sure I can't go on like this
I'm sure I can't keep on
Living in the shadows of such beautiful people

I've never been so inspired
As when we were together babe
Don't take that to mean I miss you

I don't want you in any kinda way
We all grow, we all change
Some more slow than others, but

I can't keep on like this
I'm sure I won't last long like this
I'm sure I can't go on like this
I'm sure I can't keep on
Living in the shadows of such beautiful people

Insatiable, unsociable, incapable at compromising
These are the things my head says I am
Insatiable, uncomfortable, incapable at socialising
These are the things my head says I am

New love hasn't brought me peace
Or set my soul at ease babe
I met good man with a brave heart

I can't keep on like this
I'm sure I won't last long like this
I'm sure I can't go on like this
I'm sure I can't keep on
Living in the shadows of such beautiful
Beautiful people

I can't keep on like this
I'm sure I won't last long like this
I'm sure I can't go on like this
I'm sure I can't keep on
Living in the shadows of such beautiful people
