

# I'll Be There

Charlene Soraia

If you are down troubled  
Just call, call  
Well just call on me  
If you fear you might fail  
Well just call, call  
Well just call on me!

And if you can't work and what to do  
Or decide your next move  
Or who to trust  
If you can't cipher what to say  
Well don't say anything  
Just don't give up

I'll be there!  
For all it's worth, I'll cross the Earth  
I'll be there!  
For all it's worth, I'll cross the Earth  
And if this ain't what you want,  
let me know before I fall in love too hard  
Cause I'll be there!  
For all it's worth, I'll cross the Earth  
Yes, I'll be there!

Keep your head above the water  
If you are, if you are,  
if you are in too deep  
Just keep breathing  
Don't give in, don't give in  
to despair or defeat

If somethings got a hold on you  
You can't get the words through  
Well don't give up

I'll be there!  
For all it's worth, I'll cross the Earth  
I'll be there!  
For all it's worth, I'll cross the Earth  
And if this ain't what you want,  
let me know before I fall in love too hard  
Cause I'll be there!  
For all it's worth, I'll cross the Earth  
Yes, I'll be there!

Everywhere you go,  
every smile you see  
will be a reflection of me,  
oh don't give up,  
don't give up

I'll be there!  
For all it's worth, I'll cross the Earth  
I'll be there!  
For all it's worth, I'll cross the Earth  
And if this ain't what you want,  
let me know before I fall in love too hard

Cause I'll be there!  
For all it's worth, I'll cross the Earth  
Yes, I'll be there!
