

# Love Is The Law

Charlene Soraia

Stuck in the middle  
Between sense and strange  
Is there an easy way  
Words can hollow  
Time and time again  
What doesn't start cannot end

Love is the law  
Give love and you will be loved  
Share your heart because you're wonderful  
Love is the law  
Love like you are pure love  
Give your heart because you're wonderful  
Love is the law

Picture tomorrow  
And how you want to be  
Live the change you want to see  
'Cause a heart that is hollow  
Is but only flesh  
Live life with good intent

Love is the law  
Give love and you will be loved  
Share your heart because you're wonderful  
Love is the law  
Love like you are pure love  
Give your heart because you're wonderful  
Love is the law

Oh, don't break your heart  
We are all made of stars  
And love is who we are, and

Love is the law  
Give love and you will be loved  
Share your heart because you're wonderful  
Love is the law  
Love like you are pure love  
Give your heart because you're wonderful  
Love is the law  
Give love and you will  
Be love  
Share your heart because you're wonderful  
And love is the law
