

Now You Are with Her

Charlene Soraia

If you must go
There's the door
Don't show your face
Or bring your games around here no more

Yeah, I am willing
And able
But I'm not ready for you
To break my heart once more

Yeah it's you I've turned to
When the world gets me down
Who am I gonna turn to
Now you ain't around
Yeah it's you I've run to
When the world's too tough
Who am I gonna run to
Now you are with her
Yeah, who am I gonna run to
Now you are with her

She'll have your touch
I didn't realise
That I appreciated it
That much

I won't miss you
I won't care
It already feels like
You've already never been here

Yeah it's you I've turned to
When the world gets me down
Who am I gonna turn to
Now you ain't around
Yeah it's you I've run to
When the world's too tough
Who am I gonna run to
Now you are with her
Who am I gonna run to
Now you are with her

Yeah it's you I've turned to
When the world gets me down
Who am I gonna turn to
Now you ain't around
Yeah it's you I've run to
When the world's too tough
Who am I gonna turn to
Now you are with her
Who am I gonna run to
Now you are with her
Who am I gonna run to
Now you are with her
