

Little Folks

Charley Pride

We've decided we can't work it out we might as well call it a day
We agree to disagree and go our separate ways
We just don't seem to get along we're fightin' and we fuss
So we've agreed to part as friends is best for both of us.
But what's gonna happen to the little folks the little folks the
little folks
What's gonna happen to the little folks who live in our house

Since we've decided we can't work it out we might as well end
this time
We fought enough and fussed enough and said too much this time
So we've agreed that the thing to do has set each other free
You'll go your way and I'll go mine that's best for you and me
But what's gonna happen to the little folks...

But maybe someday we'll look back and see how foolish we've been
Cause we might find just the little ones who'd lose in the end
But maybe things are not so bad, we're still in love you and I
And maybe we can work it out if we give it one more try
We owe that much to the little folks, the little folks the little
folks
We owe that much to the little folks who live in our house
