## She's As Close As I Can Get To Loving You

## Charley Pride

Her hair should be a little darker and her eyes should be a dee per blue
She's not perfect but I'm happy I found her
Cause she's as close as $I$ can get to loving you
She doesn't know she's being used and it would break her heart
in two
If she knew that she was playing the part $I$ planned for you
I should be ashamed to love her the way that I do
But she's as close as I can get to loving you

You'd've prove of the way that she dresses
From her ear-rings to the style of her shoes
I conquer everything that $I$ remember and she's as close as I ca n get to loving you
She doesn't know she's being used...
But she's as close as I can get to loving you
