

Rain

Charlie Straight

F G F G

F G
We were talking about our lives
F G
Different people, different lies
F G
We were laughing, we were mad
F G
It's too late now, go to bed

F G
If tomorrow never comes
F G
We have seen it more than once
F G
We were singing in the dark
F G
You're a lightning, you're a spark

Ami D
I realize
F G
It starts raining when she cries

Ami D
I realize
F
It's a wonder, wonder, wonder
G F G
in the sky

Ami F G
Ami G Ami (F)
Ami F Ami

F G
We were sleeping in the sea
F G
You were weeping next to me
F G
We were walking on the stones
F G
Barefoot children leaving homes

F G
Go to bed now, have a rest
F G
I will always do my best
F G
I will listen to my heart
F G
Should have known you from the start

Ami D
I realize
F G
It starts raining when she cries

Ami D

I realize

F

It's a wonder, wonder, wonder
