

# Stuck In The Mud

Charlie Straight

What's that thing in your eyes  
I cannot see  
Every time you come by  
And sleep with me?

I wonder if you feel it too  
When I'm with you  
What if you don't  
If you don't and I still do?

Oooh, I'm stuck in the mud  
Oooh, I'm stuck in the mud with you

What's that thing on your mind  
You want to say?  
In my bed everywhere  
Your long blond hair

When you go  
Leave it all the way it is  
Don't wash the plate  
It's too late  
Don't change the sheets

Oooh, I'm stuck in the mud  
Oooh, I'm stuck in the mud with you  
Aaah, won't you help me out?  
I can't get away  
Ooh, I've been stuck so deep in the mud  
Since you walked away

I've been stuck in the mud  
In the mud  
I've been stuck in the mud  
In the mud  
I've been stuck in the mud  
In the mud  
I've been stuck in the mud  
In the mud

Maybe I will always be here  
Will I always? Maybe I will  
Maybe I will always be here  
Maybe I will always be here

Maybe I will always be here  
Maybe I will always be here  
Maybe I'll be here forever  
Maybe I'll be here forever
