

Birthday Dress

Charlie Wilson

I don't wanna give you fine, let's get it's something that is typical

Wanna give you a gift that you will never forget
This is special day so we gotta do something that's unusual
Go hold out, don't hold up
Lied up the sky, find road

Go head let your head down
Another you that you made it
So let's take it to the dance floor

Make you're requesting, should say just yes
Show off the cores of your birthday dress
Go out the candle and I break your wish
Under we do it in your birthday dress
Ooh, ooh, ooh birthday dress

Cuz no matter how's watching, it's the holiday so celebrate
Do whatever that you want and don't let the set gun squash
Bust is in the air, let's make a toast straight with champagne
That girl, that girl it's looking sweet in her birthday dress

Go head let your head down
Another you that you made it
So let's take it to the dance floor

Make you're requesting, should say just yes
Show off the cores of your birthday dress
Go out the candle and I break your wish
Under we do it in your birthday dress
Ooh, ooh, ooh birthday dress

Clap your hands and go move your feet
Cuz it's your day, it's you beat
Said it's your fun and you can dance all your night

Go head let your head down
Another you that you made it
So let's take it to the dance floor

Make you're requesting, should say just yes
Show off the cores of your birthday dress
Go out the candle and I break your wish
Under we do it in your birthday dress
Ooh, ooh, ooh birthday dress

Looking so good, sweet baby
Ooh yeah, birthday dress
