

A Light (Night)

Charlie Winston

Follow the stars when your lips don't touch the sounds
We wanna make it with our two feet on the ground
I can't get started, I'm feeling open hearted
Can you hear me now?

We make believe, but we leave everything behind
Taking for granted all the beauty, but never mind
We're only dreamers, plan makers and schemers
Can you hear me now?

There's a glow in the night, there's a light up above you
On a wing, on a prayer it will be there to love you

It's a life of joy
It's a life of fears
It's a life of hope, sweet dreams and tears
In this life so short there's no way to get it right

Keep on running 'til the sun gives up the day
Keep on believing you've got strength to get away
You've got it in you, no one can take it from you
Can you hear me now?

I make believe and I leave everything behind
Falling into another world where I lose my mind
Picking myself up, ready for the take off
I'm free again

There's a glow in the night, there's a light up above you
On a wing, on a prayer it will be there to love you

It's a life of joy
It's a life of fears
It's a life of hope, sweet dreams and tears
In this life so short there's no way to get it right

It's a life of joy
It's a life of fears
It's a life of hope, sweet dreams and tears
In this life so short there's no way to get it right

It's a life of joy
It's a life of hope
It's a life of fears
In this life so short there's no way to get it right
Yeaaaah
