

Rendez-vous

Charlie Winston

Every night I see your shape
Coming into view, it's true, you never left me
Looking for an open space
Waiting for a wave, a ride, the tide to somewhere

I wanna rendezvous with you
I wanna rendezvous with you
I wanna rendezvous with you
That's all I wanna do
I wanna rendezvous with you

Who can tell me something good? (Yeah yeah)
You could be the one to bring the sun when all is lost (Yeah yeah)
To never be misunderstood (Yeah yeah)
Isn't that the X that marks the spot?

I wanna rendezvous with you
I wanna rendezvous with you
I wanna rendezvous with you
That's all I wanna do (Oh oh oh)
I wanna rendezvous with you

Do we have the right place?
Are we in the right time?
Are we lost?
Maybe we'll never know

Hey!

I wanna rendezvous with you
I wanna rendezvous with you
I wanna rendezvous with you
That's all I wanna do
I wanna rendezvous with you, oh

Ha ha, ha ha, ha ha
Ha ha, ha ha, ha ha
Ha ha, ha ha, ha ha
Ha ha, ha ha, ha ha
Ha ha, ha ha, ha ha
Ha ha, ha ha, ha ha
Ha ha, ha ha, ha ha
Ha ha, ha ha, ha ha
Ha ha, ha ha, ha ha
Ha ha

Every night I see your shape
