Alright alright, woah
Why you pointing at me with that knife?
I've been cutting corners all my life girl
But terror doesn't blossom overnight no

She's running through the city in a rampage
Pressing on her fingers til the bones break
There's blood all in her nose from the propane
Bet a needle to skin will make the pain fade

Ah, ahh ahh
This is what I do, ahh ahh
Take another bite, ahh ahh
Big enough to chew

She said careful or you'll lose it
But girl I'm only human
And I know there's a blade where your heart is
And you know how to use it

And you can take my flesh if you want girl
But baby don't abuse it
These voices in my head screaming "run now"
I'm praying that they're human

Rollin' rollin, rolling back your eyes to your mind like
Oh, woah, the pressure in the gland's tight
Yeah, woah, yeh it's either kill or be killed like
Oh, woah, the blood is either poured or it's spilt like

Ah, ahh ahh
This is what I do, ahh ahh
Take another bite, ahh ahh
Big enough to chew

She said careful or you'll lose it
But girl I'm only human
And I know there's a blade where your heart is
And you know how to use it

And you can take my flesh if you want girl
But baby don't abuse it
These voices in my head screaming "run now"
I'm praying that they're human

Alright alright
Love you but you cannot spend the night
I've been alone almost all my life girl
And shit like that don't change up overnight

I let you sleep in my tee
Tell me the things that you don't normally tweet
Acid & LSD and smokin' blunts on the beach
69 down 69 so we can both get a piece
Yeh

I've been cutting corners like my whole life

Back stabbing bitches tryna kill me with the whole knife
Day I die will be the only day a nigga ghostwrite
When I go they'll treat me like a god if this shit goes right

She said careful or you'll lose it
But girl I'm only human
And I know there's a blade where your heart is
And you know how to use it

And you can take my flesh if you want girl
But baby don't abuse it, (calm down)
These voices in my head screaming "run now", (don't run)
I'm praying that they're human

(Please understand that I'm trying my hardest

My head's a mess but I'm trying regardless

Anxiety is one hell of a problem

She's latching onto me, I can't resolve it

It's not right, it's not fair, it's not fair, it's not fair, it's no fair, i
t no fair
