

# HEAVEN AND BACK

Chase Atlantic

She was always dealing with the devil  
She was always into taking those chances  
She said she met a couple other women who were into late night dancing  
She fell in love with a pill that could take away all her pain  
Then she fell in love with a whole new drug that could fill her veins  
And then

She's high  
She lives in the sky  
Tonight she's satisfied  
Rolling back her eyes  
But then she starts to cry  
Everything is turning to black  
All in one night  
She just went to heaven and back

Boiling water  
Dying in an empty corner  
Tied to aluminum borders  
She tried but the obsidian caught her  
And it might seem like she's crazy  
By the things that she might say but  
While you're talking she shoots diamorphine right into her veins  
And then

She's high  
She lives in the sky  
Tonight she's satisfied  
Rolling back her eyes  
But then she starts to cry  
Everything is turning to black  
All in one night  
She just went to heaven and back  
She went to heaven and back  
She went to heaven and back  
Now everything is turning to black  
All in one night  
She just went to heaven and back  
Heaven and back

Well you lied  
You said you were fine  
But now you're terrified  
'Cause you don't wanna die  
Then you start to cry  
You wish that you could take it all back  
'Cause you just went to heaven and back

She's high  
She lives in the sky  
Tonight she's satisfied  
Rolling back her eyes  
But then she starts to cry  
Everything is turning to black  
All in one night  
She just went to heaven and back  
She went to heaven and back

She went to heaven and back  
Now everything is turning to black  
All in one night  
She just went to heaven and back
