

# LIKE A ROCKSTAR

Chase Atlantic

Chewed up, I've been kicking rocks, kicking shit  
I've been rolling off that 8-1, don't try this  
Narcotics in my bloodstream, I don't feel a damn thing  
Moral of the story: don't die kids

See, I just want a little when that bass hits  
Listen to my words: "don't do this"  
Yeah, I'm not insecure, I'm stupid  
So stupid

I'm sorry that I scared your mother  
Plus I'm sorry that your dad died  
Now I don't wanna start no trouble  
But I got a couple rules you should live by

Take drugs, stay high  
View the fucking earth from the outside, yeah  
Pop pills through the day time  
And if I die tell my mumma that I died like a rockstar  
Fuck the cop car, they will never catch us  
Like a rockstar, living too fast, like a rockstar

Birds sing when the drugs hit  
I feel my heart kick  
Double up the dose, go brainless

Break necks in the moshpit  
And if I bleed then I drink codeine  
Go painless

See, I don't sniff lines when my friends do  
Ten girls lined up for the band's room

And if you don't get high, don't pretend to  
It's kinda sad dude

I never meant to scare your mother  
But she ain't never met my type (Yeah, no)  
And I've been fucking hoes and poppin' pillies, shouting Stoney  
But it's not just how I feel, this is real life

Take drugs, stay high  
View the fucking earth from the outside, yeah  
Pop pills through the day time  
And if I die tell my mumma that I died like a rockstar  
Fuck the cop car, they will never catch us  
Like a rockstar, living too fast, like a rockstar

Tell 'em that I died like a rockstar  
Tell 'em I got high like a rockstar  
Put me in design, and they put me in the dark  
Keep my legacy alive like a rockstar

Lifestyle, on the edge, give me your forgiving  
See I worship the dead, they worship the living  
I done popped a molly, got my geek on, weed blowin'  
Make this shit your motherfucking theme song, yeah

Take drugs, stay high  
View the fucking earth from the outside, yeah  
Pop pills through the day time  
And if I die tell my mumma that I died like a rockstar  
Fuck the cop car, they will never catch us  
Like a rockstar, living too fast, like a rockstar

Like a, like a, like a rockstar (rockstar)  
Fucking rockstar (oh, no, oh-oh)
