

Ride

Chase Rice

Oh, Oh, Oh, Yeah
Woah, Woah, Woah, Yeah
Woah, Oh, Yeah, Yeah

Take off those heels, lay on my bed
Whisper dirty secrets while I'm pulling on your hair
Poison in our veins but we don't even care
Candles drippin' on your body, baby this ain't truth or dare
Everybody wonders where we've run off to
My body on your body, baby stickin' like some glue
Naughty, let's get naughty girl, it's only one or two
The fever's r-r-runnin', feel the heat between us two

I'm gon' ride, I'm gon' ride, I'm gon' ride
I'm, I'm gon' ride on you baby, on you lady all night, all night
I'm gon' take care of your body, I'll be gentle, don't you scream
It's gettin' hotter, make it softer, feel your chest on top of me
I'm gon' ride, I'm gon' ride, I'm gon' ride
I'm, I'm gon' ride on you baby, on you lady all night, all night
I'm gon' make you feel that lovin', gettin' weak all in your knees
Kiss your body from the tip-top all the way down to your feet

Yeahhh girl, we can go slow (Woah, Woah, Yeah)
Yeah, we can go slow (Woah, Woah, Woah, Yeah, Woah, Oh, Oh, Yeah, Yeah)

Lay on your back, like you're right there
Don't have to say it twice, love, there's nothing here to fear
Takin' it back, back to where it's clear
Rollin' on and on, sounds of love are in the air

I'm gon' ride, I'm gon' ride, I'm gon' ride
I'm, I'm gon' ride on you baby, on you lady all night, all night
I'm gon' take care of your body, I'll be gentle, don't you scream
It's gettin' hotter, make it softer, feel your chest on top of me
I'm gon' ride, I'm gon' ride, I'm gon' ride
I'm, I'm gon' ride on you baby, on you lady all night, all night
I'm gon' make you feel that lovin', gettin' weak all in your knees
Kiss your body from the tip-top all the way down to your feet
(Ooh, Ooh, Ooh, Ooh, Ooh Ooh, Woah, Oh, Woah, Oh, Oh, Oh)

The sun's comin' up, you're on my side
I rub your thigh, you look in my eyes
And I just see the sky (see the sky), I'm so high
And I ain't smoked yet, I'm just coming down from this

I'm gon' ride, I'm gon' ride, I'm gon' ride
I'm, I'm gon' ride on you baby, on you lady all night, all night
I'm gon' take care of your body, I'll be gentle, don't you scream (take care of your body)
It's gettin' hotter, make it softer, feel your chest on top of me
I'm gon' ride, I'm gon' ride, I'm gon' ride
I'm, I'm gon' ride on you baby, on you lady all night, all night (night)
I'm gon' make you feel that lovin', gettin' weak all in your knees
Kiss your body from the tip-top all the way down to your feet
(Ooh, Ooh, Ooh, Ooh, Oh, Oh, Oh, Ooh, Ooh, Ooh)
