

## Devil's Son

### Chasing Safety

I'm becoming everything that I hate  
And I don't want to die a fucking disgrace  
I'm the man that ruins his name  
Live a life full of lies and personal gain  
I don't want to die on my own here  
And be pushed to death by my own fear  
I don't want to die while I lay here  
And be swallowed whole by my own fear

It's taking all my time  
Staying up inside my head all night  
I need to know ill make it through alright  
Even the deepest tunnel has a light but, I will let you down even god  
don't want me now

You hide from your life cause you know your not living  
See the devil in your eyes when you look at yourself in the mirror  
Are you starting to see these things clearer or will he never let you  
go

Step back took a look at my life  
Held my breath cause all I want is to die  
Lifeless violent hiding everything that I am  
Shine the light  
Reveal the truth, denial  
Shine the light  
Reveal the world you hide

I hate who I've become  
I wont be forgiven for the things I've done  
I hope you know that I will let you down even god don't want me now

You hide from your life cause you know your not living  
See the devil in your eyes when you look at yourself in the mirror  
Are you starting to see these things clearer or will he never let you  
go

He has a grip on your neck holding you tight with everything  
In him. you try to break free but starting to realize this is who you  
've  
Come to be

Never thought I'd find myself all alone fighting demons  
Beneath my own skin  
Hiding from words I've thought all along

I'm not the devil's son

You hide from your life cause you know your not living  
See the devil in your eyes when you look at yourself in the mirror  
Are you starting to see these things clearer or will he never let you  
go
