

## Joke

## Chastity Belt

Nothing's serious  
Everything's a joke  
When we smoke  
It's all in smoke

I feel fine, when we're high  
I'm gonna light you on fire  
We laugh so hard, and then we cry  
Let's light everything on fire

Getting better at forgetting  
Everything that's heaviest  
All a joke  
When we smoke

I feel fine when we're high  
I'm gonna light you on fire  
We laugh so hard, and then we cry  
Let's light everything on fire
