

Down on the Bay

Cheap Trick

Ah sweet little lady is a-drivin' me crazy
I had to stick around in awhile

Down on the bay
That's where I'll stay
The clouds are gray
Down on the bay
But that's my home
Can't leave my woman alone

Oh I get so delighted
And she gets so excited
Everytime we hear you play

Down on the bay
That's where I'll stay
The clouds are gray
Down on the bay
But that's my home
Can't leave my woman alone

Woo!

When I'm walking with my Lily
Down a road that's pretty chilly
But she makes it like a summer day

Down on the bay
That's where I'll stay
The clouds are gray
Down on the bay
But that's my home
Can't leave my woman alone

Oh I get so delighted
And she gets so excited
Everytime we hear you play

Down on the bay
That's where I'll stay
The clouds are gray
Down on the bay
But that's my home
Can't leave my woman alone

Down on the bay
Thats where I'll stay

Down on the bay
That's where I'll stay

Down on the bay
Thats where I'll stay
The clouds are gray
Down on the bay

Down on the bay

That's where I'll stay
The clouds are gray
Down on the bay
But that's my home
Can't leave my woman alone
