

# Time is Runnin'

Cheap Trick

Time is runnin' out of control, ooh  
Help my dreams come true  
Time is runnin' out of control, ooh  
You make my dreams come true

Here comes the night  
Gone are the days, yeah  
When we could just sit here and talk for hours  
Didn't have much to say

Time is runnin' out of control, ooh  
Help my dreams come true  
Time is runnin' out of control, ooh  
You make my dreams come true

Now everything seems so serious  
We all had our fun in the sun  
We all wanna take too much out of life  
Fooling ourselves in the long run

Time is runnin' out of control, ooh  
Help my dreams come true  
Time is runnin' out of control, ooh  
You make my dreams come true

Tryin' to beat the clock  
It never stops tickin' the time away  
Tryin' to beat the clock  
Never stops, never stops night or day

Time is runnin' out of control, ooh  
Help my dreams come true  
Time is runnin' out of control, ooh  
You make my dreams come true

Time is runnin' out of control, ooh  
Help my dreams come true  
Time is runnin' out of control, ooh  
You make my dreams come true

Time is runnin' out of control, ooh  
Help my dreams come true  
Time is runnin' out of control, ooh  
You make my dreams come true
