

# Hostage

Chelsea Grin

I see my demons staring at me now  
Trapped in the hands of all that pulls me down  
It's pulling me down, it's bleeding me out  
I fight and fight behind these eyes to find a sign of life

Hostage  
Am I the only one?  
Hostage  
Am I the only one?

I see my demons staring at me now  
Invading all of my dreams and I can't get 'em out  
No I can't get 'em out, can't make a fucking sound  
I fight and fight behind these eyes to find a sign of life

Hostage  
Am I the only one?  
Hostage  
Am I the only one?

Will it ever let me go?  
Will it ever let me go?  
Will it ever let me go?

I see my demons staring at me now  
I see my demons staring at me now

I think I'm gonna die here

I think I'm gonna die  
Here

I think I'm gonna die here
