

# Dragged Out

Chelsea Wolfe

Baby, they don't want you  
They only want to tear you apart  
They believe if they drink you they'll be like you  
It'll never end  
The drag will keep on coming

Dragged out in the weather  
Dragged out in the madness  
Dragged out in your loneliness

Sometimes I want to lose my mind  
Lose myself  
Sometimes I want to lose my mind  
Lose myself to something  
To someone else  
Won't you take me down?  
I'm so tired, I'm so tired

Dragged out in the weather  
Dragged out in the madness  
Dragged out in your loneliness
