

# Please Don't Tell Me

**Cher**

Ya shook the override  
Why'd I get this far this time  
A ton of more I mean  
Ridin' hell and the mile this time I see

Drift machine ago  
It's one you'll never know

An hour later too soon  
Surround the stop right through  
A sound far too long  
Explode, fail and see goin' to and I'm gone

Drift machine ago  
It's one you'll never know
