

# Trapped Inside the Planet of the Roller-Skating Bees

Cherry Poppin' Daddies

All systems were go as the spaceship left Detroit  
with Plant X-17 as our destination tonight  
The craft hit some mystery turbulence  
and we heard a sort of rollin' buzz  
They took out minds. We lost our minds  
We must escape becuae  
We were trapped inside the planet of the roller-skating bees  
Cuz we were trapped inside the planet of the roller-  
skating bees  
Cuz we were trapped inside the planet of the roller-  
skating bees  
Their eyes were blank-dead sockets  
like two pissholes in the snow  
They're busy buzzing cheap clichés  
They'll give you social climberitis in your toe  
All they have is beedium  
All the alternatives are banned  
But be careful that you stick to the script they know  
cuz they sting when they don't understand  
They go like  
OOH AAA OOH AAA OOH AAA OOH AAA OOH  
Don't try thinkin' it ain't worth a dime  
You're on the planet of the Bees tonight  
straight things start makin' wiggly lines  
It's not funny when they take your mind  
It's one weird warpin' potty time tonight  
Cuz we were trapped inside the planet of the roller-  
skating bees  
Cuz we were trapped inside the planet of the roller-  
skating bees  
Cuz we were trapped inside the planet of the roller-  
skating bees  
Cuz we were trapped inside the planet...  
Trapped inside the planet...  
Cuz we were trapped inside the planet...  
Trapped inside the planet...  
Cuz we were trapped inside the planet...  
Trapped inside the planet...  
Cuz we were trapped inside the planet of the roller-  
skating bees
