

High

Chester See

I feel so helpless, helpless it's true.
I can't stop thinking, thinking of you.
I know about the days without they took me down
Turned me around and inside out
Given in to agony with you there's possibility
So I sing it out loud

You make me high look in my eyes
Can't you see everything so colorful
You make me high let's reach for the sky
And maybe we'll touch on something beautiful
Baby I'm high
Oh you make me high

I feel so lonely, lonely it's true
I'll never give up, give up on you
I know about the days without
They spun me around
Kicked me down
I hit the ground
I've given in to agony with you there's possibility
So I'm, I'm reaching out

You make me high look in my eyes
Can't you see everything so colorful
You make me high let's reach for the sky
Maybe we'll touch on something beautiful
Baby I'm high

Everything so colorful
(High)
You're so beautiful
(High)
Yeah, I'm feeling wonderful
(Hi-i-igh)

You make me high
Look in my eyes
Can't you see everything so colorful
You make me high
Let's reach for the sky
Maybe we'll touch on something beautiful
Baby I'm high
Cuz baby I'm high
Cuz you make me high
Baby I'm high
Baby I'm high
