

Hold On

Chester See

I opened my eyes
and I looked around
and all the smiling face turned to frowns

I started to run
but I should have known
you don't get very far with nowhere to go

Hold on
take a moment to see what's going on
Hold on
You never know just when that moments gone

I thought about time
and how it's worth more
with every crashing wave that hits the shore

I though about love
and what does it mean
Figure that one out and you're set free

Hold on
take a moment to see what's going on
Hold on
You never know just when that moments gone

I'm broken, I'm broken down
I'm shattered pieces on the ground

then I closed my eyes
from down on my knees
It's amazing how much more the blind can see

I thought about you
and me
and Finally figured out just what love means

Hold on
take a moment to see what's going on
Hold on
You never know just when that moments gone
Hold on
take a moment to see what's going on
Hold on
You never know just when that moments gone
