

# I Will Be Loving You

Chester See

Your eyes, speak the words you wont  
Tell the truth you don't  
On how leave behind  
Your love as honest as your soul  
For someone else to hold  
Is he holding you tonight?

Your reckless heart has crashed into mine  
Now I need all you are and you need time

So I will be loving you no matter what you do  
If you end up in someone else's arms  
I will still love you from a far  
If I have to count the years  
I'll still be standing here  
If it turns out I'm not the one you kiss  
I love just knowing you exist  
I will love you for the rest of my life  
Cause I will be yours even when you're not mine

Your kiss, only few have known  
I wish that I was told that now it's just for me  
And your smile makes me do the same  
I'll dream about the day it's always there to see

Your reckless heart has crashed into mine  
Now I need all you are and you need time

So I will be loving you no matter what you do  
If you end up in someone else's arms  
I will still love you from a far  
If I have to count the years  
I'll still be standing here  
If it turns out I'm not the one you kiss  
I love just knowing you exist  
I will love you for the rest of my life  
Cause I will be yours even when you're not mine

Wherever you go  
Whatever you do  
As long as you smiling  
I'll be smiling too

So I'll be loving you  
No matter what you do  
If you end up in someone's else arms  
I will still love you from a far  
If I have to count the years  
I'll still be standing here  
If it turns out I'm not the one you kiss  
I'll love just knowing you exist  
I will love you for the rest of my life  
Cause I will be yours even if you're not mine...
