

Set Fire to the Rain

Chester See

I let it fall, my heart
As it fell, you rose to claim it
It was dark and I was over
Then you kissed my lips and you saved me
My hands, they're strong,
but my knees were far too weak
To stand in your arms and not fall to your feet

There's a side to you that I never knew, never knew
All the things you'd say, were never true, never true
All the games you play, you would always win, always win

I set fire to the rain
Watched it pour as I touched your face
Well, it burned while I cried
But I heard it screaming out your name, your name

When I lay with you I could stay there
Close my eyes, feel you here forever
You and me together, nothing is better

There's a side to you that I never knew, never knew
All the things you'd say, were never true, never true
All the games you play, you would always win, always win

I set fire to the rain
Watched it pour as I touched your face
Well, it burned while I cried
But I heard it screaming out your name, your name

Sometimes I wake up by the door
That heart you caught must be waiting for you
Even now when we're already over
I can't help myself from looking for you

I set fire to the rain
Watched it pour as I touched your face
Well, it burned while I cried
But I heard it screaming out your name, your name

Let it burn
Let it burn
Let it burn
Let it burn

I set fire to the rain
And I threw us into the flames
Where I felt something die
Cause I knew that there was the last time
The last time
