

I Must Be Stupid

Chet Faker

What have you done to me?
What can I do?
I've been a fool
With myself

I, I really need
Some time to
I really need I really need I really need I really need
Some time to myself

I must be stupid
With my head in the clouds
Yeah, I must be stupid
With my feet off the ground
I must be stupid
With my head in the clouds
Yeah, I must be stupid
With my feet off the ground

It's not like my arm's around you now?
Oh, act like you don't hear that sound
It rings
In my ears

I must be stupid
With my head in the clouds
Yeah, I must be stupid
With my feet off the ground
I must be stupid
With my head in the clouds
Yeah, I must be stupid
With my feet off the ground

I must look stupid
With my feet off the ground

(He was definitely an odd young man)
(Tall, good looking, good, good enough looking)
(Um, played the piano just mmm, you know, wonderful)
(I think music was very much in their family)
