Fear I Must First Let You Go

Chicane

The water crashin' 'round our feet
A whole lifetime in a heartbeat
A serial that's endless sieep
Fear now, I must first let you go

I'll meet you by the waves at night
Your black dress flowin' in the wind
Upon the rocks, where lovers lie in red
Fear now, I must first let you go

The water crashin' 'round our feet
A whole lifetime in a heartbeat
And time keeps on drifting on
Fear now, I must first let you go

The water crashin' 'round our feet
A whole lifetime in a heartbeat
And time keeps on drifting on
Fear now, I must first let you go

I'll meet you by the waves at night
Your black dress flowin' in the wind
And time keeps on drifting on
Fear now, I must first let you go
