Feel my heart  
Feel my heart has turned to grey

Feel my heart  
Feel my heart, it's turned to grey  
I fall apart

Inside my heart you slipped away  
I feel the same now  
Feel my heart, it's slipped away

And now  
And then  
Every time  
You go away  
(You go away)

Feel my heart

Feel my heart  
Feel my heart, it's turned to grey  
I fall apart  
(Fall apart)

Inside my heart you slipped away  
I feel the same now  
(I feel the same)  
Feel my heart, it's slipped away
