

So Far Out To Sea

Chicane

(So far, I'm out to sea)
(Everyone's calling)
(Every step alone)

If you can say I do
I'm calling to you
And watch the weather

So far, I'm out to sea
Everyone's calling
Every step alone

If you can say I do
I'm calling to you
And watch the weather

So far, I'm out to sea
Everyone's calling
Every step alone

If you can say I do
I'm calling to you
And watch the weather

So far, I'm out to sea
Everyone's calling
Every step alone
