

Across The Earth

Children Collide

Ocean eyes
Scared to swim
Northern lights
Follow him
Nomad knows
Spreading wings
Desert style
Needs to drink

Across the earth
Across the earth
Across the earth
Across the earth
Across the earth
Across the earth
Across the earth
Across the earth

Foreign lines
Fold out beds
Ripping tides
Melting heads
Sweet exchange
Penny lead
Bricks in line
Tryst ahead

Across the earth
Across the earth
Across the earth
Across the earth
Across the earth
Across the earth
Across the earth
Across the earth

Across the earth
Across the earth
Across the earth
Across the earth
Across the earth
Across the earth
Across the earth
Across the earth
