

## Pleasure in Pain

Chimaira

Too tired to figure it out my head is spinning  
My heart is so drained right now I think I'm slipping

On, my last nerve  
I'll get what I deserve

I need this, I want this  
I'm so obsessed  
Pleasure In Pain  
I feel whole again

I break the seal with my hand my blood starts pumping  
Screams ring out so loud right now so deafening

On, my last nerve  
I'll get what I deserve

I need this, I want this  
I'm so obsessed  
Pleasure In Pain  
I feel whole again

You'll never forget my face
